Chair-Pam Duncan; Vice Chair-Sylvia Coleman

Prevention and Public Awareness

Hypertension Webinar archived on Start with Your Heart website
Community and Clinical Connections for Prevention and Health
Branch conducting

- Live Healthy To Be There Campaign
- Hypertension Awareness Campaign

Messages:

1. Know your numbers
2. Work with your health care provider to reach your blood pressure goal

Integrating and Accessing Care

- 1) New interventions are changing ways patients are transported
- 2) Transports may increase exponentially
- 3) Need for provider education
- 4) Need for more data to evaluate overall process and need to transport
 - Educate government and health care leadership on current issues and needs
 - Organize a meeting of stakeholders statewide
 - Educate the public that stroke is an emergency: Time is Brain

Post-Stroke Health

Working with Medicaid on the following:

- 1) Covering post-stroke benefits
- 2) Covering preventive benefits for cardiovascular health
- 3) Educating providers on covered benefits
- 4) Educating providers and patients on secondary prevention
