

NCCARE360

Building connections for a healthier North Carolina

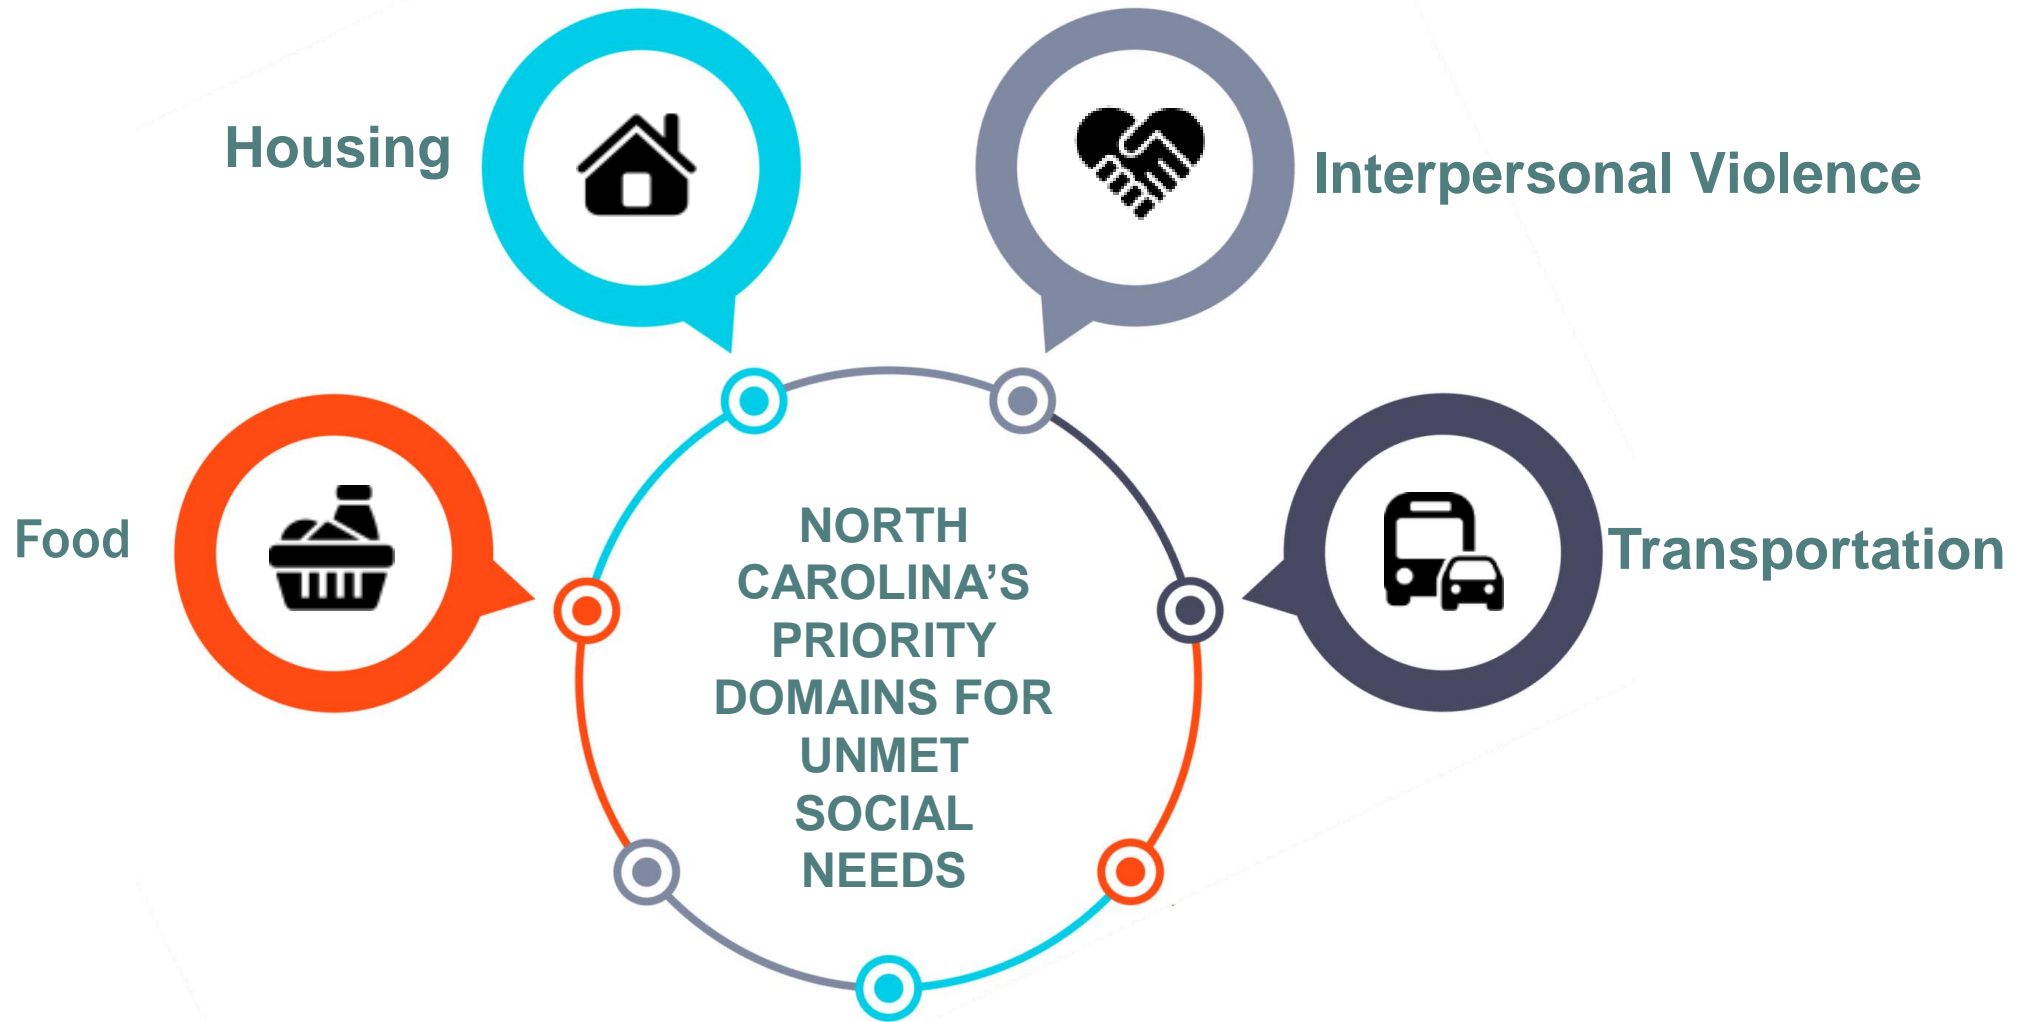

Nicole Crews, MPH

NCCARE360 Program Specialist

Foundation for Health Leadership & Innovation

A Focus on Unmet Social Needs

The first statewide network that unites health care and human services organizations with a shared technology that assesses for and identifies unmet social needs, and enables a coordinated, community-oriented, person-centered approach for delivering care in North Carolina.

Creating a Collaborative Network through a Shared Technology Platform

A coordinated network connects providers (such as health care providers, insurers, or community-based organizations) through a shared technology platform to:

- Communicate in real-time
- Assess for and identify unmet social needs
- Make electronic referrals
- Securely share client information
- Track outcomes together

Why a Public-Private Partnership?
